

REIMAGINING RETIREMENT COMMUNITIES

Integrated Special Reports are turnkey content solutions in which participating advertisers can be mentioned in at least one story. Produced by Globe Content Studio.

Topics are informed by content management technology that provides our editorial staff and Globe Content Studio with data signals on what is resonating with readers and, more importantly, keeping them engaged. It provides confidence that these are ideal environments to position and deliver your brand message.

Theme for Reimagining Retirement Communities

In the next 20 years, Canadians 65 and older will go from less than a fifth of the country's population to nearly a quarter, while retaining a significant portion of Canada's spending power. With smaller families, longer working lives and strong attachment to their autonomy, this generation of seniors is redefining what retirement – and retirement communities – look like.

The Globe and Mail's special report on retirement communities will capture the fresh direction these residences are headed in, highlighting the variety that defines the lodgings, dining and social scenes.
