Our strategy for sustainability is

Big economic, social and environmental trends such as population growth, climate change, resource scarcity, technology advancement and social inequalities require a collective response, and leaders across Canada are taking action. This special feature will highlight notable efforts and examples for reducing the environmental footprint across sectors and all areas of society.

## Proposed topic highlights:

**RESEARCH & INNOVATION** – From new insights to societal impact.

**ADVOCACY & EDUCATION** – Raising awareness and advancing sustainability education.

**LOW-CARBON ECONOMY** – Enabling a low-carbon future. **TECHNOLOGY & POLICY SOLUTIONS** – Tools and approaches making a difference.
