

2025 NATIONAL INTEGRATED SPECIAL REPORT –
DIGITAL AND NEWSPAPER

BUILDING UP THE CONSTRUCTION INDUSTRY

Integrated Special Reports are turnkey content solutions in which participating advertisers can be mentioned in at least one story. Produced by Globe Content Studio. Topics are informed by content management technology that provide data signals on what is resonating with readers and keeping them engaged. It provides confidence that these are ideal environments to position and deliver your brand message.

Themes for Building up the Construction Industry:

According to the Canada Mortgage and Housing Corporation (CMHC), the country needs to build 3.5 million more homes by 2030 to address the affordability gap – not to mention the commercial infrastructure, from retail to essential services, that will need to follow that housing. All eyes are on the construction industry as it navigates supply issues, labour shortages, rising material costs and increasingly strict environmental regulations.

The Globe and Mail’s special report on the future of construction in Canada will look at labour, materials and the changing industry landscape.
