

2026 NATIONAL INTEGRATED SPECIAL REPORT –
DIGITAL, NEWSPAPER, MAGAZINE

Building a stronger Canada

Nation-building projects shaping Canada's economic future

INTEGRATED CONTENT FEATURES are turnkey solutions in which participating advertisers can be mentioned or quoted in at least one story. Report overviews are intended to be thematic starting points with identified topics revisited and updated during the production stage.

A generational build-out of infrastructure and energy is now underway across Canada. This wave of projects is strengthening energy security, expanding trade and transportation corridors, advancing critical-minerals development, and modernizing digital and physical infrastructure. Together, these large-scale investments — spanning ports, roads, mines, pipelines, transmission lines, and clean-energy projects — are reshaping Canada's economy and positioning the country for long-term prosperity.

Topic highlights:

Capital Powering Canada's Next Era of Growth

How institutional, private, and public investment is financing the nation-building infrastructure and energy projects shaping Canada's long-term economic strength.

Energy Leadership & Security

Examining how clean-energy generation, transmission, and grid modernization are reinforcing Canada's energy security and global leadership position.

Critical Minerals Development

The projects and partnerships advancing Canada's role as a secure, responsible supplier of essential minerals for global manufacturing and energy-transition industries.

Modern Infrastructure Build-Out

The ports, roads, rail networks, and pipelines being built and modernized to strengthen trade corridors and Canada's economic foundation.

Indigenous Partnership & Leadership

Highlighting Indigenous-led and co-owned projects that are setting new standards for responsible development, long-term stewardship, and shared economic benefit.
